

Prairiewoods Green Community Gardens

120 E. Boyson Rd., Hiawatha, Iowa 52233

March 1, 2023

We are currently planning our Prairiewoods Green Community Gardens. The garden plots will be located at Prairiewoods Franciscan Spirituality Center (120 E. Boyson Rd, Hiawatha). If you're interested in leasing a garden plot, please fill out the information below to begin the application process. Individuals with low to moderate incomes will be given preference.

Two sizes of garden plots will be available. The size of a **half plot is 10' x 10' (\$20)** and a **full plot is 10' x 20' (\$30)**. If you aren't able to afford this amount, we have limited scholarship funds to offset the garden fee for people living on limited income. You may purchase more than one plot if they're available.

Please complete the information regarding your request for a garden plot for the 2023 season (print):

If you indicate that you want to lease a plot, your application will be reviewed in the order that the applications were received. If necessary, a wait list will be established if we receive more applications than we have plots available. **If you're approved to lease a plot, a copy of the lease will be mailed/mailed to you and it will need to be completed and returned with your payment within 7 days.** If we don't receive your signed lease and payment, your name will be removed from our list.

***Note:** We'll also be offering ongoing education throughout the growing season to all of the individuals leasing plots so gardening experience is not necessary to rent a plot!
